

# SW Mercer Passive UK Equity CS1

## Fund Objective

The aim of the Fund is to provide a return on your investment (generated through an increase to the overall value of the assets held by the Fund and/or income received from assets held by the Fund) by tracking closely the performance of the FTSE All Share Custom ESG Screened Index.

## Fund Features

This fund invests in assets which tend to produce the highest level of return but with higher risk. Over the longer term these assets should generate superior growth. There will be greater fluctuations in value, which at times may be dramatic.

## Things you need to know

All funds carry some risk and you should consider these risks before making an investment decision. The value of investments and any income from them can fall as well as rise and will be reduced in real terms by the effects of inflation.

The main factors which may increase the risk of this fund include:

- The amount invested in company shares
- The split between government and corporate bonds
- The extent to which the fund invests in high yield assets
- The amount held in overseas assets
- Any concentration in specific areas or sectors
